

Siva Kolli

Senior Full-Stack Engineer

Stockholm, Sweden | +46 76 785 25 85 | siva.kolli1993@gmail.com
linkedin.com/in/sivareddykolli | sivakolli.com | Swedish citizen

PROFESSIONAL SUMMARY

Full-stack engineer with 8+ years building scalable, user-focused web applications across telecom, IoT, fintech, gaming and restaurant/POS SaaS. Strong in React and TypeScript on the front end and Node.js/NestJS, Java/Spring Boot and Python on the back end, with hands-on DevOps and cloud (AWS, Azure, GCP). Experienced leading teams, mentoring developers and running Scrum, with founder-level ownership and early, practical adoption of AI agentic tooling in real delivery. Swedish citizen based in Stockholm.

CORE COMPETENCIES

React.js | Next.js | TypeScript | Node.js / NestJS | Java / Spring Boot | Python
REST & GraphQL APIs | Microservices | AWS / Azure / GCP | Docker | CI/CD | Git
Team Leadership | Scrum Master | Code Reviews | Figma / UX | AI-Assisted Development

PROFESSIONAL EXPERIENCE

Full-Stack Developer / Scrum Master — Qopla AB, Stockholm

Oct 2025 – Present

- Develop end-to-end features across a React, TypeScript and NestJS stack, owning user stories from UI to backend.
- Architected and rebuilt legacy email services and modernised UI/UX templates, improving processing efficiency.
- Proposed, designed and am building an internal onboarding tool as sole developer and Scrum Master, running short sprint iterations with a Claude-based AI agentic setup.

Tech: React, TypeScript, NestJS, GraphQL, MongoDB, Java, Kafka, AWS, Git, Scrum

Founder & Game Designer — Independent Game Studio

2025

- Founded and led a small studio (2 developers, 2 artists) building a mobile and PC (Steam) game; owned game design, level design, balancing and market research.
- Used generative AI extensively for character, skin and level art. Project ended pre-release after the investor withdrew funding.

Full-Stack / Lead Developer / Scrum Master — Sigma Technology AB, Stockholm

Jun 2021 – Jan 2025 (consultancy)

- **Telia AB** (Oct 2021 – Sep 2023): Built and maintained an internal web app critical to customer-support operations using React and Vue with TypeScript; as lead developer, onboarded and mentored developers and ran code reviews.
- **Ericsson AB** (Mar 2024 – Jan 2025): Full-stack development on technical-documentation tools; built UIs from Figma designs (VanillaJS + Hugo), Python backend on Azure, Scrum Master when needed.

Tech: React, Vue.js, TypeScript, Node.js, Java, Spring Boot, Python, Azure, Git

Software Developer — Tink AB, Stockholm

Feb 2021 – Apr 2021

- Developed and maintained Console, the central React/TypeScript web platform supporting all Tink (open-banking) products.

Tech: React, TypeScript, Node.js, Git, Agile

Software Developer — Adventure Box Technology AB, Stockholm

Mar 2020 – Aug 2020

- Built the redesigned homepage from scratch in React; delivered responsive, accessible UI across devices and age groups.

Tech: React, JavaScript, MongoDB, Java, AWS, Git, Scrum

Software Developer — HMS Industrial Networks AB, Halmstad

Jan 2018 – Feb 2020

- Built and maintained Netbiter, a microservices web platform monitoring industrial IoT devices, with a real-time test environment and AWS auto-scaling and CI/CD.

Tech: Java, Docker, AWS, Bash, Git, JIRA, Scrum

EDUCATION

MSc, Computer Science — Blekinge Institute of Technology, Karlskrona (2015 – 2017)

BSc, Computer Science — Jawaharlal Nehru Technological University, Kakinada (2011 – 2014)

CERTIFICATIONS

Professional Scrum Master™ I (PSM I) — Scrum.org, 2023 • NodeJS Masterclass (Express, MongoDB, OpenAI & More) — Udemy, 2023
